Each student will follow two (2) Rogis (clients) from KAA Module 102 through KAA Module 111 with consultations and progress on both assessment and counseling based on the topics covered in each month. This assignment provides an opportunity to apply the Ayurvedic principles as they are learned and practice counseling skills.

4. One-on-One Consultations & Creating Chikitsa Protocols (25 Hours)

Based on learning up to KAA110, each student will conduct five (5) complete consultations resulting in a comprehensive Ayurvedic chikitsa protocol to demonstrate the cumulative counseling skills learned during the program, including: completion of case evaluations, assessment and protocol in a professional case paper format.

Research Project: Community Health Presentation - 42 Hours

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later. There will be no refund if the student decides to withdraw after 60% of the classes (attendance of the 7th class) or online modules (accessed 7th online module).

Each In-Class Intensives covers the content of one online modules. Refund Requests will be processed based on In-Class Intensives and online modules accessed (whichever is greater).

A written notice from the students, about the cancellation will be required. A telephone call about cancellation or absenteeism for the classes will not be considered as true cancellation. In such cases, student will not receive the refund for that period. The refund will be processed within 30 days from the day KAA receives the official written notice of cancellation from the student. - Step 2 Divide the total tuition paid by 11 (number of modules) = 'tuition per module'
- Step 3 Multiply number of classes attended or modules accessed in elearning by 'tuition per module'
- Step 4 Subtract the amount in step 3 from the amount in step 1. This is the refund amount.

Example: if the student decides to withdraw after completing 4 In-Class Intensives or live streaming and if he/she has paid the full tuition, the refund will be as follows:

Step 1	\$5600 – \$350	\$5250.00
Step 2	\$5250 / 11	\$477.00
Step 3	4 classes/live streaming * \$477	\$1908.00
Step 4	\$5250 – \$1908	\$3342.00

Total refund will be: \$3342.00

Refunds will be issued within 30 days of the date of student notification, or date of school determination (withdrawn due to absences or other criteria as specified in the school catalog), or in the case of a student not returning from an authorized Leave of Absence (LOA), within 30 days of the date the student was scheduled to return from the LOA and did not return.

 - Ayurvedic practitioners are not licensed in the United States, and its practice is not regulated by state or federal agencies.  - We might say that Ayurveda's current status in the U.S. is analogous to the Chinese medical profession during its early years in the 1970s. While each state does not regulate the practice of Ayurvedic medicine itself, some aspects of Ayurvedic practice may fall within the scope of professions that are regulated. Students and graduates of the academy should be careful not to allow their practice to overlap one of those regulated professions unless they are licensed in that particular profession.
