Welcome to Kerala Ayurveda Academy

OUR MISSION: At Kerala Ayurveda USA, our mission is to bring awareness to the consciousness-based practice of Ayurveda. By blending ancient wisdom with modern expertise, we aim to establish ourselves as a premier authority in traditional Ayurvedic education, the creation of safe and effective herbal products, and holistic community health. Our goal is to become a trusted companion for natural wellness seekers as they awaken the healer within to attain optimal health and well-being.

OUR COMMITMENT: To bring the highest caliber of academic excellence to the US and abroad.

Kerala Ayurveda Academy (KAA) invites you to embark on a journey into the world of Ayurveda, where you will discover a profound potential for health and well-being offered by a time-proven, harmonious and holistic healthcare system.

Healthcare in the United States is changing. Health science has evolved to encompass our beliefs, emotions, behavior, thoughts, family and cultural systems, as well as the environmental context in which we live. All these elements are relevant to our health. Ayurveda is a 5,000-year-old Indian system of healing that encompasses these aspects while offering solutions to achieve harmony at the level of Body, Mind and Spirit. Join us to become involved with this pioneering work that is transforming our healthcare industry into a more current model of holistic healthcare.

Kerala Ayurveda Academy is committed to offering the highest quality of education and services to our students so that they become the finest Ayurvedic health practitioners and educators for the future. Our aim is to maintain the authenticity of Ayurveda in the United States.

The curriculum is based on an Ayurvedic educational curriculum from Indian universities and is both academically challenging and rewarding. Students will find studying at Kerala Ayurveda Academy intellectually stimulating and competitive. The programs encompass all fields of Ayurveda including Ayurvedic philosophy, herbology, psychology, Ayurvedic Dosha imbalance management, research, clinical practice and clinical application.

We have assembled the most qualified and experienced faculty to teach Ayurvedic principles. Most faculty members have Ayurvedic degrees from prestigious universities in India and 15 to 30 years of clinical experience. With Kerala Ayurveda Academy, feel assured that you will receive an authentic Ayurvedic education. The program coordinators at each location are supportive and eager to assist students in any way possible.

We congratulate you on your decision to become part of an inner circle of Ayurvedic healers who promote healing and Life.

AYURVEDA: THE SCIENCE OF LIFE

Kerala Ayurveda Academy invites you on a great life adventure...

Kerala Ayurveda Academy is the first institute in the US to provide authentic Ayurvedic programs throughout the country. We currently offer in-person training in the state of California plus online learning for students across the globe.

Ayurveda and Yoga are 5,000-year-old sister sciences and belong to the world's oldest known, most well-documented healthcare system. Ayurveda, the science (Veda) of life (Ayur), balances the body and mind using natural therapies and herbal medicines. Yoga, the science of mind, brings balance and purity to the body. The two complement each other and together achieve harmony of the body, mind and spirit, which is the essence of true health.

Knowledge of Ayurveda in today's world is essential as it aims to preserve health and prevention of disease by establishing balance and harmony through nutrition, herbs, meditation and daily routines. Ayurvedic science provides knowledge to unfold the reality beyond the physical body and access the infinite power of the subtle energetic fields. The World Health Organization recognizes Ayurveda as a complete natural healthcare system.

Now is the perfect time for Ayurvedic graduates to embark on a professional journey. They have a unique opportunity today to lead successful lives by assisting family, friends and clients in creating healthier bodies, minds and communities, lowering healthcare costs and supporting our entire planet.

PROFESSIONAL POSSIBILITIES WITH AYURVEDA*

- **All Graduates** can start a wellness business or align with other wellness professionals to create an integrative practice.
- **Licensed Healthcare Practitioners and Healers** from all backgrounds can apply their Ayurvedic knowledge to enhance their current practice.
- **Massage Therapists and Bodyworkers** can expand/deepen their offering by incorporating Ayurvedic techniques.
- **Estheticians** in skin and beauty may enhance their treatments, services and products.
- **Freelance Writers** may launch Ayurvedic publications, publish articles, or create blog content.
- **Research-Savvy Students** may get involved in Ayurvedic research projects. The Office of Alternative Medicine funds many research projects in holistic healthcare.
- **Entrepreneurs** may develop products, open wellness centers, spas or resorts.
- **Students in Academics** may teach or deepen their education with more continued studies. Kerala Ayurveda Academy offers advanced programs in continuing education in the US as well as programs in Kerala Ayurveda Academic Facilities in Cochin and Bangalore, India.

*These possibilities vary according to the level of education in Ayurveda.

Why Choose Kerala Ayurveda Academy?

AUTHENTICITY	We offer the highest level of Ayurvedic education outside of India based on the root Vedic texts. Our faculty and advisors include several of the world's leading Ayurvedic experts.

THE ASHA FOUNDATION™

The Asha Foundation is a medical service and research foundation in India that provides complimentary and rehabilitative healthcare to children suffering from various ailments, particularly autism and cerebral palsy. Every year, Kerala Ayurveda Academy donates a portion of its proceeds to The Asha Foundation.

CLASSROOM LOCATION

Milpitas, CA

Kerala Ayurveda Academy & Wellness Center
691 South Milpitas Blvd Suite 206

Located in San Francisco South Bay and eight miles from the San Jose Airport, our flagship location consists of a spacious classroom for lectures, dynamic conference and auditorium rooms, consultation and Panchakarma rooms, and a library. Amenities include free Wi-Fi and ample parking space. The

center is located within walking distance of restaurants and health clubs. Our Student Support team can provide more information and local guidance for planning your visit.

IN PERSON & ONLINE LEARNING

All our courses include a combination of in-person and online learning. Online learning is conducted through live-streamed classes via Zoom and self-paced learning and resources in our robust elearning platform by Talent LMS.

Initially, I was wondering if the online learning program is a good enough format to transmit such a complex knowledge as Ayurveda, but thanks to Dr. J and his crew, his promise became more than true. Doing the [Counselor program] (online) has been the best decision ever. -Nadja

The Ayurvedic Study Journey

It's our goal at Kerala Ayurveda Academy to provide all available levels of professional education – in alignment with the most current industry standards, and in a progressive format so you can upskill at an achievable pace. This catalog includes detailed information on the first two levels of Professional Ayurvedic Training: **Ayurvedic Health Counselor (AHC)** and **Ayurvedic Practitioner (AP)**. If you would like more information on any other of our Ayurvedic programs, please visit our website at www.keralaayurveda.us.

TRAINING LEVELS, AAC, NAMA AND PROFESSIONAL MEMBERSHIP

Our programs build upon one another for cumulative learning so you can achieve the highest level of Ayurvedic education available in the US.

■ LEVEL I - Ayurvedic Health Counselor (AHC)

Prerequisite: High School Diploma or Equivalent • Corequisite: Anatomy & Physiology

The level I Ayurvedic Health Counselor program focuses on the fundamental principles of Ayurveda, Ayurvedic physiology and psychology, nutrition, Yoga, lifestyle and seasonal protocols for self-improvement or career enhancement, Ayurvedic herbology, an introduction to Panchakarma detoxification, as well as disease pathology and management. Upon graduation an AHC can determine and analyze body constitution, conduct Ayurvedic lifestyle consultations, and offer guidance on daily routines, Ayurvedic therapies and home remedies.

■ LEVEL II - Ayurvedic Practitioner (AP)

Prerequisite: Level I AHC • Corequisite: Anatomy & Physiology

After completing AHC, students are eligible for the level II Ayurvedic Practitioner program in which all the key clinical concepts are explored more deeply. Students learn the etiological factors contributing to the nature and structure of disease as well as management techniques.

Ayurvedic Accreditation Commission

Our Academy aligns with the Ayurvedic Accreditation Commission (AAC), the largest Ayurvedic organization in the US, to provide industry standards. We also encourage students to join the National Ayurvedic Medical Association (NAMA) to help support these goals as Ayurveda is not currently licensed as a medical practice in the US, and one of AAC and NAMA's goals is to make licensure possible.

NAMA membership by students and professionals is all optional. KAA opts into this alignment as we believe that standardization of the profession and licensure offers benefits to professionals as well as clients, making Ayurveda more accessible.

We are associated with AAC in the following ways:

1. As Recognized School
2. AHC, AP and AAP are AAC-recognized which means that graduates of these programs qualify to sit for the National Ayurvedic Medical Association Certification Board ([NAMACB](#)) certification exams.

We are associated with NAMA in the following ways:

1. As an Organizational Member
2. As a PACE (Professional Ayurvedic Continuing Education) sponsor.
3. We sponsor NAMA's annual conference and attend as an exhibitor.

We encourage our students and faculty to explore what NAMA offers. Students can join NAMA at the Student Membership level at no cost.

FACULTY

Kerala Ayurveda Academy's mission is to offer authentic Ayurvedic courses by experienced Ayurvedic Doctors. Many of our faculty members are established Ayurvedic physicians who have received degrees from renowned universities in India – the “Holy Land” of Ayurveda – and have more than 15 years of experience in Ayurvedic practice and teaching. Faculty are eager to share and hand over this ancient wisdom to our enthusiastic students.

Kerala Ayurveda Academy is passionate about your success and increasing knowledge. The staff and instructors truly care about you as a person and future practitioner. Their community minded approach makes the student experience unique and vital. –Heather

As I complete my [Counselor] program, I realize how much my life has been impacted by the authentic, sincere, and expert guidance of the Vaidya-ji's, mentors, and support staff. I am confidently and eagerly looking forward to continuing my Āyurvedic journey at Kerala Ayurveda Academy. –Debmalya

[Vaidya. Jayarajan's] method of teaching was very organized and thorough. I thank him for being so passionate about Ayurveda; he is truly an inspiration. –Bobby

I really enjoyed and appreciated the high level of interaction Rucha Kelkar provided... her teaching was fantastic... and inspiring! – Anonymous

I appreciate the way Dr. Kamya teaches... she usually comes up with a little exercise at the end to apply the knowledge that we are learning. It helps with the understanding of how we will apply what we're learning in real life. –Bernadette M.

I just love that in such a short time, I have much more understanding of content in the classes [Dr. Sheena] teaches. –Anonymous

I am a proud graduate.... I can truly say that the timeless science of Ayurveda along with the brilliant panel of teachers at KAA, have influenced me greatly. –Karen

I'd like to express my high regard for the Academy. Their course curriculum is authentic, classical Ayurveda, taught by instructors with competence in passing on their deep wisdom and understanding of Ayurveda. –Renee

WEEKEND INTENSIVES

KAA 101 | The Essence of Ayurveda (Tarka Sankhya and Sharir)

Begin your education with an introduction to the 5,000-year-old history and philosophy of Ayurveda. The three universal energies (*Doshas*) and five fundamental elements (*Mahabhutas*) are the starting point for any Ayurvedic student. This leads to an understanding of the 20 foundational qualities of life (*Gunas*), the key to health. The application of these guiding principles will also be covered as it relates to the concepts of physiological disposition (*Prakruti*), imbalance (*Vikruti*) and Dynamic Balance. Additional topics include:

- The fundamental tenets of an effective Ayurvedic health program
- The universe and humanity's place within it: An Ayurvedic View
- The cosmology of the soul
- Comprehensive introduction to basic Ayurvedic concepts: Doshas, Dhatus, Malas, Srotas

KAA 102 | Ayurvedic Physiology (Dosha Dhatu Mala Vigyan)

Ayurvedic Physiology is designed to describe the subtle energies and foundational structures of the human body. Ayurveda explains the formation and structure of the seven tissues of the body in detail. This course will cover the details of these seven tissues and offer a deeper look into how they work cohesively to form the structure and function of the human body. Additional topics include:

- The 15 subtle energies of the body (Subdoshas), their locations, qualities and importance in health
- Natural wastes and their functions
- The essence of life that is responsible for vigor and youthfulness (*Ojas*), as well as how it is regenerated and preserved

KAA 103 | Ayurvedic Psychology (*Manasa Shastra*)

Ayurvedic Psychology offers a fascinating look into the psychology of the human being from a cosmological and energetic perspective. This course will cover the three *Gunas* and how they are fundamental for understanding the mind and emotions. Additionally, the Ayurvedic study of how energy moves through the body is powerful and important to fully understand holistic human health. This course will cover the chakras and how to keep them healthy as well as the physical energy centers (*Marmas*) and their role in health and disease. Additional topics include:

- The psychological energies (subtle *Doshas*), their function, location and origin
- Kundalini energy and the mechanics of vital living
- The nature and aspects of the mind and how it functions and operates
- Meditation and Pranayama (breathing techniques)

KAA 104 | Ayurvedic Nutrition & Cooking (*Ahara Vigyan*)

Ayurvedic Nutrition & Cooking places an emphasis on foods that ground the soul, nourish the body and delight the senses. This is a fun course with in-person cooking demonstrations teaching how to prepare simple, nutritious and sensually gratifying meals. Ayurvedic cooking is aimed towards pleasing all five senses and experiencing all six tastes. This course will also review techniques for maximum nutrient absorption and explain how that relates to a balanced digestive system. Additional topics include:

- The mechanics of satiation and its relationship to the tastes and senses
- When, where, what and how to eat
- The definition of health
- Chaturvidha Ahara, Shatrasas, Ahara Vidhi Vishesha, and the Guna Karma of spices

KAA 105 | Ayurvedic Prevention Science (*Swastha Vritta*)

Ayurvedic Prevention Science provides a comprehensive blueprint for daily and seasonal living to maintain optimal health, year-round. This can be done by learning the ideal Ayurvedic daily routine (*Dinacharya*) to live a balanced life and maximize effectiveness of your efforts. Additional topics include:

- Seasonal routines to maintain health and prevent allergies and seasonal infections
- Ways to stay healthy year-round by supporting a strong immune system
- How a modification or change in your daily routine according to the season will impact your health

KAA 106 | Ayurveda and Yoga (*Yoga Vigyan*)

Ayurveda and Yoga will focus on understanding the principles of Yoga in connection with the Ayurvedic concepts. The course will begin with a detailed understanding of the eight limbs of Yoga and the koshas in connection with Yoga and Ayurveda. This course will also teach students how to customize each yoga practice based on the individual's constitution. Additional topics include:

- How Yoga and Ayurveda combined can create the foundation for a transformed experience of living
- Yoga and Ayurveda to deepen your spiritual practice
- Pranayama and meditation techniques

KAA 107 | Ayurvedic Herbology (Dravya Guna Shastra)

Ayurvedic Herbology marks the halfway point in your Ayurvedic Health Counselor education. This detailed class will introduce the concepts of herbal energetics and how to identify the healing properties of household herbs. There will be a comprehensive analysis of herbal characteristics such as taste, potency, post-digestive effect and what they mean for your health. Special emphasis will be placed on over twenty different Ayurvedic herbs such as Amla, Brahmi, Neem and Shatavari. Additional topics include:

- Herbs to boost the immune system, delay aging and improve the quality of life
- How to maximize the absorption of herbs and medicines
- Preparing and administering specialized herbs and herbal concoctions
- Popular formulations and recipes

KAA 108 | Introduction to Ayurvedic Bodywork (Panchakarma)

Introduction to Ayurvedic Bodywork will focus on hands-on techniques to promote cellular healing and regeneration. This course will cover simple body therapies that have an anti-aging effect, improve digestive absorption, calm the mind and improve sleep. Additional topics include:

- Daily therapies to promote healing and wellness
- Treatments to improve skin tone and luster while also soothing the nervous system
- A hands-on introduction to Snehana, Swedana, Shirodhara, Padabhyanga, Shiroabhyanga, Kati Basti, Lepas, Udvartana and Soundarya Shringar

KAA 109 | Assessment of Dosha Imbalances (Roga Nidan)

Assessment of Dosha Imbalances will describe how diseases form and progress, how an individual can spring from health to imbalances. This course will cover simple ways to identify warning signs long before they become full-blown symptoms. Additional topics include:

- The Ayurvedic energies and structures (Dosha, Dhātu, Mala) and their role in the disease process
- How to analyze the various systems and structures of the body and identify potential warning signs: tongue, pulse and mala diagnosis
- In-depth examination of case studies

KAA 110 | Management of Dosha Imbalances (Kaya Chikitsa)

Management of Dosha Imbalances will describe how to address various imbalances and how to prevent their progression. This course will introduce the unique etiopathogenesis that Ayurveda uses to explain energies and structures (*Dosha, Dhātu, Mala*) and their role in various etiopathogenesis. The evolution of diseases through various Dosha stages reaching the final degenerative phase. Additional topics include:

- Simple ways to identify warning signs and methods of arresting the disease progression.
- Tools and techniques including simple herbal treatments and dietary & lifestyle changes to restore and maintain equilibrium
- Various methodologies involved in Palliative (*Shamana*) and Purification (*Shodhana*) treatments

KAA 111 | Review, Clinical Management

Review and Clinical Management will take a final look at the prior ten months in a summarized review and investigate Ayurveda's application in modern times. Students will be guided on how

to build and sustain clinical practice and how the science of Ayurveda applies to the business model. The highlights of the class are consultation demonstrations and practice for the students.

AHC PRACTICAL (COINCIDES WITH KAA 111)

This 5-day Practical (including weekend module KAA 111) reviews the process from client intake through final recommendations. It offers many practice sessions with live case consultations, and exploration of the practical ways in which this training can be implemented.

The AHC Practical is *Required* in person attendance for *All Students*.

1-DAY CLINICAL PRACTICUM

A small group practical setup provides the opportunity to practice clinical techniques with supervised guidance, honing counseling skills utilizing all the tools learned thus far.

Live streamed and recorded for later viewing.

TUESDAY VIRTUAL CLASSES

Tuesday Virtual Classes are offered live approximately 2-3 times per month, covering topics in alignment with the upcoming or recent Weekend Intensive. These sessions offer students opportunities to explore topics raised in the Weekend Intensives in more depth, such as *Doshas* (one of the core principles of Ayurveda), *Ahara* (the inputs of life) and *Dinacharya* (daily and nightly rituals), and watch our experienced faculty perform intakes with live clients.

MONDAY VIRTUAL CLASSES

There are six Monday Virtual Classes. These sessions will cover topics on Business and Ethics.

ONLINE RECORDED LECTURES

Online Recorded Lectures are included in each monthly module, covering topics in alignment with the Weekend Intensives.

Ashtanga Hridayam

Part 1: The Quest for Longevity: Foundational Principles of Ayurveda

Part 2: Daily Regimen for Health and Longevity

Class recordings of the first two sessions of our *Ashtanga Hridayam* online series (offered live twice per year) are included in the Online Recorded Lectures to provide students with a rich learning experience straight from the Vedic texts. *Ashtanga Hridayam* is one of the most used root texts of Ayurveda today. Composed in a beautiful poetic format called *Sutras* for easy memorization by practitioners, each line of the text is filled with practical information. Students learn the text line-by-line, how to chant the Sanskrit and understand the deeper meaning behind the principles.

ASSIGNMENTS

To support your development as an Ayurvedic Health Counselor, assignments are included in the AHC program which build upon each module of learning, and each another.

Personal Transformation Journey

Healing begins right at home for the healer. When we learn to work with Ayurveda to bring healing to our own lives, we can ground our knowledge in first-hand experience and better support others in doing the same. This assignment involves a self-assessment and experiential process of implementing the Ayurvedic principles and practices learned in class.

Ayurvedic Constitution Assessments

Each student will conduct in person one-on-one constitution assessments with ten (10) people utilizing intake forms provided by KAA to practice skills in client interactions, assessment and documentation. This assignment is completed during the HAC portion of your program.

Clinical Consultations

Students will follow two (2) *Rogis* (clients) throughout the program until KAA 111, beginning with consultations and progressing with assessment and creating guidance based on the topics covered in each month. This offers the student the ability to build upon all the learning to create a case study approach.

Chikitsa Protocols

Students will be provided five (5) case papers for review and development of a comprehensive Ayurvedic chikitsa protocol to demonstrate the cumulative skills learned in case evaluations from the previous two assignments.

Community Health Presentation OR Research Paper

Students have the choice of a Community Health Presentation or Research Paper.

Community Health Presentation Description

Students will prepare a 1-1.5-hour presentation for a group in the community on an approved topic of student's choice. Students may host and organize the event for personal contacts or offer in conjunction with a greater organization (e.g., a Yoga studio), or arrange to deliver this presentation at an office, school or other place of business.

OR

Research Paper Description

Students will prepare a 5–7-page paper on an approved topic within the scope of practice as an Ayurvedic Health Counselor.

PRETESTS & TESTS

Pretesting and testing are associated with each monthly course module to supplement student learning throughout the program.

Ayurvedic Practitioner (AP)

900 HOUR TRAINING PROGRAM

The Ayurvedic Practitioner (AP) program is based on the second goal of Ayurveda—*Aaturasya Vikara Prashamanam* (disease management). At this level, the emphasis is on gaining a deeper understanding of the disease process and management techniques at its various stages. Students will gain a deeper understanding of Ayurvedic concepts and techniques.

Upon successful completion of the AP Program, you will be awarded an Ayurvedic Practitioner Certificate.

Program Overview

SCOPE OF PRACTICE

With this certificate, students gain the skills and knowledge to assess the Ayurvedic constitution and imbalances in a client and suggest food, lifestyle changes and recommend Ayurvedic herbs, spices and Ayurvedic herbal supplements based on the Samprapti/imbalances. However, the practice of these may vary from state to state. Please check the regulations with the state in which you practice. This program does not lead to positions that would require licensing in this field, as there is no required licensing for Ayurveda at this time.

Ayurvedic Practitioners can:

- Analyze Body Constitution
- Complete health history intake
- Assess the imbalances of *Agni, Dosha, and Strotases* based on the Ayurvedic Principles
- Suggest food and lifestyle changes based on the Ayurvedic Constitution (*Prakriti*) and various imbalances in the mind/body systems (*Vikriti*)
- Suggest Ayurvedic herbs, spices and Ayurvedic herbal supplements based on the Ayurvedic Constitution (*Prakriti*) and various imbalances in the mind/body systems (*Vikriti*)
- Suggest Ayurvedic bodywork techniques based on the Ayurvedic Constitution (*Prakriti*) and various imbalances in the mind/body systems (*Vikriti*)
- Explain about Ayurvedic concepts (related to *Prakriti, Vikriti*, qualities etc)
- Explain the connection between Body and Mind and how diet and lifestyle, meditation, Pranayama, Ayurvedic herbs, Ayurvedic bodywork techniques and Yoga can help manage many physical, mental and emotional problems
- Offer talks/write articles on various concepts on Ayurveda
- Offer simple Ayurvedic bodywork techniques based on the Ayurvedic Constitution (*Prakriti*) and various imbalances in the mind/body systems (*Vikriti*)
- Offer cooking classes giving simple cooking tips

Ayurvedic Practitioners cannot:

- Diagnose diseases medically
- Treat diseases medically
- Prescribe medical treatments or medicines
- Perform Panchakarma (unless allowed in your scope of practice under other licensing)

PREREQUISITES

It's essential for Ayurvedic students in professional programs to have adequate knowledge of Anatomy and Physiology (A&P). As a condition of graduation from the AP program, the equivalent of six (6) college-level A&P credits (90 hours) is required. (A&P credit completion is not required prior to enrollment, it may be taken as a corequisite alongside the AP program). KAA offers an online partner A&P course, or you can provide documentation of A&P credit completion from an approved institution. Please visit our website to learn more about our partner course or to submit your documentation.

THURSDAY VIRTUAL CLASSES

Thursday Virtual Classes are offered live approximately twice per month, covering topics in alignment with the upcoming or recent Weekend Intensive. These sessions offer students opportunities to explore topics raised in the Weekend Intensives in more depth, such as Clinical Management of *Ama*, Pain Management in Ayurveda and Samprapti & Case Papers.

ONLINE RECORDED LECTURES

Online Recorded Lectures are included in each monthly module, covering topics in alignment with the Weekend Intensives and include the following:

Vedic Formulations: Clinical Applications

One of the important skills of an Ayurvedic Practitioner is the ability to select the right herbs and formulations for an individual's constitution and imbalances. In these recordings, you will learn the most used and effective Vedic formulations as documented in the classical texts. The class will cover multiple formulations and single herbs. Students receive an overview of the formulation, contents of the formulations, method of preparation, specific indications, dosage forms, and appropriate adjuvants. Part one of this series is included as a recording and quiz in your AP Program in your elearning platform.

Ashtanga Hridayam

The Ashtanga Hridayam, the "Heart or Essence of all the Eight Branches of Ayurveda," is one of the primary ancient root texts of Ayurveda. Today, the Ashtanga Hridayam continues to serve as a root source for Ayurvedic philosophy and protocol, providing clear guidelines in all aspects of health.

As an Ayurveda student, it is important to use the authentic teachings of the ancient Vedic texts. As part of your AP training, the recordings of Parts 3-9 of our Ashtanga Hridayam series are included.

MONTHLY REVIEW SESSIONS

These sessions are held after the weekend intensive modules to review the content covered in the previous intensive class. There will be time for review, questions, and discussions on the class content.

CLINICAL CASE DISCUSSIONS

In this monthly seminar style course, Level 3 students will present real-world case papers for peer and faculty review each month. This format fosters a collaborative learning environment where participants can learn from one another under faculty guidance.

Students will gain insights into the rationale behind the protocols, formulas, and client suggestions given, thus enhancing their practical knowledge. Through structured discussions, they will refine their analytical and communication skills, preparing for real-world challenges in their professional journey.

ASSIGNMENTS

Individual Clinical Consultations

Chikitsa Consultations:

Each student will complete 1 Clinical Consultation (120 minutes) for each module KAA 205-210.

Additional Assignment - choose one of the following:

- *Community Health Education Assignment*
Students will prepare a presentation for a group in the community. They may organize this presentation themselves and invite the public or arrange to deliver this presentation at an office, school or other place of business. This presentation should run two hours in length and be delivered on a topic of interest to the group.
- *Research Paper*
A comprehensive Research Paper, 15 to 20 pages in length, on a topic of interest to you that is first approved by the AP Mentor.
- *Research Project*
A detailed Research Project on a topic and format approved by the AP Mentor.

AHC PROGRAM REFUND POLICY

The Student's Right to Cancel

The student has a right to cancel the enrollment agreement and obtain a refund. A written notice or an email from the student will be required for the cancellation and should be sent to the address below. For specifics related to your refund, refer to the refund tables according to your State.

Student Services

Kerala Ayurveda Academy

691 S Milpitas Blvd Ste 206 Milpitas, CA 95035

Students must follow the following to withdraw/cancel from the institution:

- A written notice or an email will be required from the students about the cancellation.
- The registration fee and material fee are nonrefundable. The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later. There will be no refund if the student decides to withdraw after 60% of the classes.

- Each in person Intensive covers the content of one online module. Refund Requests will be processed based on in person Intensives and online modules accessed (whichever is greater).
- A telephone call about cancellation or absenteeism for the classes will not be considered as true cancellation. In such cases, the student will not receive a refund for that period.
- The refund will be processed within 30 days from the day KAA receives the official written notice of cancellation from the student.
- The refund check will be mailed to the official address of the student. If the original payment is by credit card, the refund will be processed on the credit card.

Withdrawal Policies and Procedures

A Student may withdraw from the school at any time after the cancellation period (through attendance at the first-class session, or the seventh day after enrollment).

Refunds: The student will receive a pro rata refund if they have completed 60 percent or less of the educational program “period of attendance.” A pro rata refund shall be no less than the total amount owed by the student for the portion of the educational program provided subtracted from the amount paid by the student, calculated as follows: (1) The amount owed equals the per module price (total institutional charge, divided by the number of modules in the program) multiplied by the number of modules the student attended, or was scheduled to attend, or accessed in the e learning, prior to withdrawal. The refund will be less the non-refundable registration fee (\$100.00) and within 30 days after the withdrawal is determined. If the student has completed more than 60 percent of the period of attendance of which the student was charged, the tuition is considered earned and the student will receive no refund. For determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution in writing to Student Support Services via email, hand delivery, or written notice mailed to 691 S. Milpitas Blvd Ste 206, Milpitas, CA 95035 of the student’s intention to withdraw, or as of the date of the student’s withdrawal, whichever is later.
- The institution terminates the student’s enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences more than the maximum set forth by the institution; and/or failure to meet financial obligations to the school. (See Termination and Dismissal Policy).
- Failure to return from a Sabbatical (LOA: Leave of Absence).

For determining the amount of the refund, the date of the student’s withdrawal shall be deemed the last date of recorded attendance. For programs beyond the current “payment period,” if a student withdraws prior to the next payment period, all charges collected for the next period will be refunded. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender or third party.

Tuition Owed: If the student has completed more than 60 percent of the period of attendance, the student will be responsible for the full tuition cost for the period of attendance.

In case the student decides to withdraw during the program, before the 60% of the classes are over, the following will be the refund calculation:

Refund calculation within the first seven days after enrollment or prior to April 26, 2026

Step 1 Deduct \$100 (non-refundable registration fee) from the total tuition paid

Step 2 Remainder is tuition refund due

Example: Student paid \$9,050 at the time of enrollment

Step 1 \$9,050 – \$100 \$8,950.00

Total refund will be: \$8,950.00

Refund calculation seven days after enrollment or after April 26, 2026

Step 1 Deduct \$100 (registration) from the total tuition paid

Step 2 Divide the total tuition paid by 11 (number of modules) = 'tuition per module'

Step 3 Multiply number of classes attended or modules accessed in elearning by 'tuition per module'

Step 4 Subtract the amount in step 3 from the amount in step 1. This is the refund amount.

Example: if the student decides to withdraw after completing 3 in person intensives or live streaming and if they have paid the full tuition, the refund will be as follows:

Step 1 \$9,050 – \$100 \$8,950.00

Step 2 \$8,950 / 11 \$814.00

Step 3 3 classes/live streaming * \$814 \$2,442.00

Step 4 \$9,050 – \$2,442 \$6,608.00

Total refund will be: \$6,608.00

Refunds will be issued within 30 days of the date of student notification, or date of school determination (withdrawn due to absences or other criteria as specified in the school catalog), or in the case of a student not returning from an authorized Leave of Absence (LOA), within 30 days of the date the student was scheduled to return from the LOA and did not return.

State of Washington (For Students not living in California)

Five-Day Cancellation: An applicant who provides written notice of cancellation within five days (excluding Saturday, Sunday and federal and state holidays) of signing an enrollment agreement is entitled to a refund of all tuition paid. No later than 30 days after receiving the notice of cancellation, the school shall provide a 100% refund of tuition and fees paid.

Other Cancellations: An applicant requesting cancellation more than five days after signing an enrollment agreement and making an initial payment, but prior to entering the school, is entitled to a refund of all monies paid (*minus the registration fee of \$100*).

Rejection: An applicant rejected by the school is entitled to a refund of all monies paid.

Refund Policy Defined - WA

The school must refund all money paid if the applicant is not accepted. This includes instances where a starting class is canceled by the school. The school must refund all money paid if the applicant cancels within five business days (excluding Sundays and holidays) after the day the contract is signed, or an initial payment is made if the applicant has not begun training.

The school may retain an established registration fee equal to ten percent of the total tuition cost, or \$100, whichever is less, if the applicant cancels after the fifth business day after signing the contract or making an initial payment. A “registration fee” is any fee charged by a school to process student applications and establish a student record system.

If training is terminated after the student enters classes, the school may retain the registration fee plus a percentage of the total tuition as described as follows:

If the student completes this amount of training:	The school may keep this percentage of the tuition cost:
One week or up to 10%, whichever is less (attended 1 st class or accessed 1 st online module)	10%
More than one week or 10% whichever is less but less than 25% (attended 2 nd class or accessed 2 nd online module)	25%
25% through 50% (attended 3 rd -5 th class or accessed the 3 rd -5 th online module)	50%
More than 50% (no refund issued after attending 6 th class or accessing 6 th , 7 th , 8 th , 9 th , 10 th or 11 th online module)	100%

When calculating refunds, the official date of a student’s termination is the last day of recorded attendance:

- When the school receives notice of the student’s intention to discontinue the training program; or,
- When the student is terminated for a violation of a published school policy which provides for termination; or,
- When a student, without notice, fails to attend 2 consecutives in person intensives or fails to access online modules for ninety calendar days.

All refunds must be paid within thirty calendar days of receiving a completed and signed Kerala Ayurveda official refund request form and the student’s official termination date.

Eligible refunds will not include the applicable interest during the enrollment period.

Example: if the student decides to withdraw after completing 2 classes or after accessing the 4th online module and if they have paid the full tuition, the refund will be as follows:

Step 1	\$9,050 – \$100	\$8,950.00
Step 2	4 of 11 classes attended or modules accessed online 4/11	36%
Step 3	25% through 50% completion = KAA retains 50%	\$4,475.00
Step 4	\$8,850 - \$4,475	\$4,475.00
<i>Total refund will be: \$4,475</i>

Student Tuition Recovery Fund (STRF) FEE (NON-REFUNDABLE) – STATE OF CALIFORNIA

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF, and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd. Ste 225, Sacramento, CA 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss because of any of the following:

- The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
- You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120-day period before the program was discontinued.
- You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
- The institution has been ordered to pay a refund by the Bureau but has failed to do so.
- The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution more than tuition and other costs.
- You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
- You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

Academy Policies FOR ALL PROGRAMS

DIVERSITY & RELIGIOUS ACCOMMODATION

Kerala Ayurveda Academy encourages diversity and accepts applications from all minorities. Kerala Ayurveda Academy does not discriminate on the basis of race, creed, color, national origin, sex, veteran or military status, sexual orientation, or the presence of any sensory, mental, or physical disability or the use of a trained guide dog or service animal by a person with a disability. Kerala Ayurveda Academy acknowledges that information pertaining to an applicant's disability is voluntary and confidential and will be made on an individual basis. If this information is presented, Kerala Ayurveda Academy will reasonably attempt to provide accommodation to overcome the effects of the limitation of the qualified applicant. All inquiries about accommodations should be made to the admissions administrator upon registration of the program.

Kerala Ayurveda Academy will make good faith efforts to provide reasonable religious accommodations to students who have genuinely held religious practices or beliefs that conflict with a scheduled program requirement. Students requesting a religious accommodation should make the request, in writing, directly to Student Support (support@keralaayurveda.us) with as much advance notice as possible. Absence from class does not excuse students from keeping up with any information shared or expectations set during the missed class. Students are responsible for reviewing the class recording and obtaining information provided during any class missed. The student shall work with their assigned Student Mentor to determine a schedule for making up missed work.

Examples of religious accommodations made by KAA may include rescheduling of an exam or giving a make-up exam for the student in question; altering the time of a student's presentation; allowing extra-credit assignments to substitute for missed class work or arranging for an increased flexibility in assignment due dates; and releasing a graduate assistant from teaching or research responsibilities on a given day.

SPECIAL ACCOMMODATIONS

Kerala Ayurveda Academy is required to provide necessary accommodations to provide students with disabilities an equal opportunity for participation in the program. Requests For Reasonable Accommodation ASNT is committed to providing qualified students with disabilities an equal opportunity to access the benefits, rights and privileges of school services, programs, and activities in compliance with the American with Disabilities Act and Section 504 of the Rehabilitation Act of 1973. Students who believe they need accommodations should contact Student Support at +1 (510) 257-6640 x102 or support@keralaayurveda.us. Students with a documented disability must provide a current (within three years) document stating the disability and requested accommodations. This must be done prior to the start of the program. If you should develop a disability, condition, or illness while in school, KAA will work with you to accomplish your goal of completing your program.

ATTENDANCE POLICY

Kerala Ayurveda Academy accepts a limited number of students for in person attendance in the live class at 691 S. Milpitas Ave #206, Milpitas, CA. Student attendance is limited to 45 individuals. The instructor to student ratio is 1:45.

Attendance is monitored both in person and during live streamed sessions.

Ayurvedic Health Counselor (AHC)

Students must attend a minimum of 40 hours in person. The Weekend intensive courses can be accomplished via live streaming attended in real time (live synchronous) or in person in Milpitas, CA.

Ayurvedic Practitioner (AP)

Out of 900 hours of the program, 180 hours are mandatory clinical Internship hours. Therefore, students must attend 135 hours of Clinical Internship in person and 45 hours of Online Clinical Internship (live streamed). From the remaining 720 hours, 120 hours must be completed either in person or live streaming in real time.

MAKE-UP AND RETAKE POLICY

If a student is absent from an in person or live streamed session, they may make it up at any KAA training location or via live streamed session, free of charge. If a student wishes to retake an in-person session, they may do so for a fee of \$50 per day. To plan for all make-up or retake sessions, please contact Student Support at support@keralaayurveda.us.

AHC Practical Retake Fee

All students who attended the AHC Practical online or in person and who wish to retake the Practical online or in person may attend a future Immersion, are responsible for a nonrefundable fee of \$160 per day.

LENGTH OF TIME FOR STUDENT TRAININGS

AHC Students are expected to complete within 1 year, however they can use a free 3-month extension to complete their program including the Anatomy & Physiology requirement. If additional time beyond these 3 months is needed, students can request an additional 3-month extension at \$100/month.

AP students have 18 months per published catalog to complete the coursework and assignments. There is a free 6-month Extension for students to complete the internships and/or Anatomy & Physiology corequisite, with no mentor assistance. If a student has not completed their program after the 18 months and 6-month extension, they will be dropped from the program.

(Note: If mentor assistance is needed after the 24-month duration, students must request private mentoring at \$50/hour from Student Support.)

Contact Student Support Services at support@keralaayurveda.us or +1 (510) 257-6640 x 102

STUDENT SABBATICAL (LEAVE OF ABSENCE)

If a student has circumstances that prevent them from continuing the program as originally planned, they may apply for a one-time Sabbatical. The Sabbatical will be requested by the student to the Student Support Office at support@keralaayurveda.us. The office will then send a form for the student to complete and sign. There is a \$50 fee to go on Sabbatical.

AHC

If a student has completed their full tuition payment or wants to take sabbatical and is paid up to date, they may take a sabbatical up to 6 months and then re-enroll in the next program, transferring their payment credit and attendance to the new class co-hort. (Note: During the sabbatical there is no access to their course materials or their mentor).

If a student does not return from their 6-month sabbatical, they will be dropped from the program. If they wish to return after being dropped, they will need to re-enroll in the program as a new student and complete their payment prior to the class start date.

Procedure: Students must contact Student Support Services for a Sabbatical Request form and pay a \$50 fee. Once the form has been submitted and approved, the student has up to 12 months from that date for their sabbatical.

AP

If a student has completed their full tuition payment or wants to take sabbatical and is paid up to date, they may take a sabbatical up to 1 year and then re-enroll in the next program, transferring their payment credit and attendance to the new class co-hort. (Note: During the sabbatical there is no access to their course materials or their mentor).

If a student does not return from their 1-year sabbatical, they will be dropped from the program. If they wish to return after being dropped, they will need to re-enroll in the program as a new student and complete their payment prior to the class start date.

Procedure: Students must contact Student Support Services for a Sabbatical Request form and pay the \$50 fee. Once the form has been submitted and approved, the student has up to 1 year from that date for their sabbatical.

For all programs:

To resume the program: Students must notify the school (Student Support Services at support@keralaayurveda.us or +1 (888) 257-6640, ext. 20) of their intention to resume classes and be in good academic and financial standing.

TERMINATION AND DISMISSAL POLICY

- If the course is terminated after the student begins classes, the Academy may retain a percentage of the total tuition as described in the Refund Policy.
- A student will be assessed for dismissal from the institution if the student has not attended any class for the first quarter of their program. They will be notified by email in their elearning system, and they will be contacted by a phone call followed up with an email, and subsequently dismissed after this attempt with no response.
- For a student who is on authorized Sabbatical, the withdrawal date is the date the student was scheduled to return from Leave and failed to do so.
- **For nonpayment issues:** verbal and written warnings will be sent from Student Support Services. After a minimum of 3 attempts within 3 months and no response from the student, the student will be immediately dismissed.

SUSPENSION (PROBATION) POLICY

There are disciplinary guidelines to provide an environment to learn and grow independently, which give students rights and responsibilities.

- Any behavior disruptive to other students or the smooth running of the class will not be allowed.
- Students will have to pay the tuition on time; this includes one-time fees and payment plans.
- Students must maintain a passing grade of 70%.

For behavioral issues: At first incidence, warning will be given. At the second incident, the student will be suspended for the entire weekend. A student will be readmitted after a suspended weekend. If the behavior persists, the student will be dismissed (terminated) from the program. When the conduct of the student threatens the other student's safety, KAA reserves the right to dismiss a student immediately.

CONDUCT

At KAA, programs are directed toward professional training. The students shall show respect to others and observe correct standards of conduct. The Honor System embodies values of personal integrity, honesty, and trust.

Fundamental to the Honor System is the Honor Code of Responsibility, and it is upon its principles that the Academy has based the Standards of Conduct.

Honor Code of Responsibility

- Each member is responsible for maintaining a high level of civility, integrity, honesty, and trust within the community.
- Each student is responsible for presenting work of her/his own creation and refraining from representing as her/his own work that which is not hers/his.
- Conduct in keeping with the attendance policies.

Nothing in the policy prevents the student from contacting the Washington Workforce Board at 360-709-4600 at any time with a concern or complaint.

FINANCIAL AID

Kerala Ayurveda Academy does not offer state or federal financial aid to students. If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds.

If a student is eligible for a loan guaranteed by the federal or state government and the student defaults on the loan, both of the following may occur:

- The federal or state government or a loan guarantee agency may act against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

“Notice - Any holder of this consumer credit contract is subject to all claims and defenses that the debtor could assert against the seller of the goods or services obtained pursuant hereto or with the proceeds hereof, recovery hereunder by the debtor shall not exceed amounts paid by the debtor hereunder.”

“Kerala Ayurveda Academy does not have a pending petition in bankruptcy, is not operating as a debtor in possession, has not filed a petition within the preceding five years, and has not had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code (11USC. Sec. 1101 et seq.).”

ENGLISH AS A SECOND LANGUAGE & FOREIGN STUDENTS

Foreign students are accepted, however, KAA courses are instructed in English and KAA does not offer English as a second language. Foreign students are required to have proof of English proficiency with a passing score of minimum 80% on the TOEFL exam for enrollment. Visa services are not provided, and Kerala Ayurveda Academy will not vouch for student status and any associated charges.

RECORD RETENTION

All records concerning the Kerala Ayurveda Academy are kept for fifty years after student's completion, withdrawal, or termination, except for transcripts which are kept permanently. Student records are kept at 691 S Milpitas Blvd Ste 206 Milpitas, CA 95035. Students requesting copies of these documents must submit a signed letter to the above address for the attention of Student Support.

STUDENT COMPLAINT (GRIEVANCE) PROCEDURE

Students have the right to submit grievances to resolve disputes concerning issues considered by a student policy. This process is important for ensuring fairness and accountability within educational institutions, as it gives students a mechanism to address concerns and seek resolution when they feel their rights or privileges have been adversely affected. By establishing clear procedures for handling grievances, schools can promote transparency and uphold standards of justice within their community. Here is a breakdown of the steps:

Step One: Attempt to Resolve the Grievance through an Informal Grievance Process

Informal Resolution: This step encourages students to address their concerns directly with the faculty, staff, or administrator involved. If this doesn't lead to a satisfactory resolution, they can escalate the issue to the lead or Student Support.

Step Two: Submit a Formal Grievance

Formal Grievance: If the informal process does not help to resolve the issue, the student can submit a formal grievance. This must be done in writing, within a specified timeframe mentioned below, and must outline the steps taken during the informal process, the alleged policy violation, the person(s) involved, and the requested resolution.

The formal grievance must:

- Be submitted in writing within thirty calendar days of the decision, action, or events giving rise to the grievance.
- Describe the steps taken to remedy the situation through the informal grievance process.
- State how the decision or action is unfair and harmful to the grievant and list the policy that has been violated, if known.
- Name the person(s) against whom the grievance is filed.
- State the requested resolution.

Step Three: Investigation and Resolution

Investigation and Resolution: The designated authority will investigate the grievance and communicate the outcome to the student within a specified timeframe. This step ensures transparency and accountability in resolving the grievance.

Final Appeal of Student Grievance

Final Appeal: If the student is not satisfied with the resolution provided, they have the option to file a final appeal within 14 days. During this period, any claims or disciplinary actions are placed on hold until the issue has reached resolution and is implemented. The designee will review the appeal and communicate the final decision within a specified timeframe; this decision is considered final. This process ensures a fair and timely resolution to the grievance.

TRANSFERRING OF CREDITS & CREDENTIALS

“NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION.

The transferability of credits you earn at Kerala Ayurveda Academy is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn in the educational program is also at the complete discretion of the institution to which you may seek to transfer. If the certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Kerala Ayurveda Academy to determine if your certificate will transfer."

KAA has not entered into an articulation or transfer agreement with any other college or university.

Transfer credit may be awarded for applicable coursework of comparable programs completed at other accredited or state approved/licensed institutions once verified by the Academy Manager and approved by the Director. Up to 70% of credit hours for KAA may be transferred. Courses will be considered for transfer credit if relevant to the certificate program and completed with a grade of B or higher, or the equivalent if another grading system was used. Prerequisite and corequisite courses must meet the criteria set forth by KAA. Application and official transcripts must be submitted for all transfer credit approval.

EXPERIENTIAL CREDIT

There is no credit granted for experiential learning.

FAQ

FREQUENTLY ASKED QUESTIONS

How much does the program cost?

The tuition for each program is as follows:

- Ayurvedic Health Counselor (AHC): \$8,950
- Ayurvedic Practitioner (AP): \$12,950 + the tuition for the AP Clinical Internship. See the AP Clinical Internship section for tuition rates.
- Note: tuition does not include registration and management fees. See Tuition and Fees for each program for details.

Are the programs approved by the Ayurvedic Accreditation Commission (AAC), and how do I get my NAMA membership?

- The AHC and AP programs meet program competencies set forth by AAC. We are also a recognized program with AAC and for eligibility to take the NAMACB exam as a Level I – Ayurvedic Health Counselor or Level II – Ayurvedic Practitioner, students must complete the attendance requirements. Completion of KAA's programs does not guarantee NAMA professional membership. Upon passing the Board Exam, individuals may apply for NAMA professional membership. For more information, please contact NAMA directly.

Do I need a college degree or a prior license/certification to study Ayurveda?

- No.
- KAA welcomes students from all educational backgrounds, with degrees, licenses or certifications in any field.
- Ayurvedic studies are especially complimentary to Certified/Licensed Practitioners in health-related fields including Yoga, Yoga Therapy, Massage Therapy, Chiropractic, Nursing, Naturopathy and Allopathic Medicine, etc.

I'm not a healthcare professional. Can I still earn a certificate and practice Ayurvedic medicine?

- Yes! The minimum admissions requirement for our Ayurvedic Trainings is a high school diploma or equivalent.
- For AHC and AP applicants only Basic Anatomy and Physiology credits are also required. If you have not taken Anatomy and Physiology, Kerala Ayurveda offers an Anatomy and Physiology course. Inquire with Student Services for more information.

Does each state regulate the practice of Ayurvedic sciences?

- No.
- Ayurvedic practitioners are not licensed in the United States, and its practice is not regulated by state or federal agencies. Standards of competency are set by individual schools that have received state approval. Ayurvedic practitioners in the United States are advised on how to practice legally within a limited scope of practice so they are not viewed as practicing medicine without a license.
- We might say that Ayurveda's status in the US is analogous to the Chinese medical profession during its early years in the 1970s. While each state does not regulate the practice of Ayurvedic medicine itself, some aspects of Ayurvedic practice may spring within the scope of professions that are regulated. Students and graduates of the academy should be careful not to allow their practice to overlap one of those regulated professions unless they are licensed in that profession. Please contact your local state representative for more information about regulations in your area.

Is it legal to practice Ayurveda in all fifty states?

- A bill has been passed in eleven states (Arizona, California, Colorado, Idaho, Louisiana, Maine, Minnesota, Nevada, New Mexico, Oklahoma, Rhode Island) allowing the residents of those states to approach the non-licensed healing practitioners with informed consent.

Can I practice Ayurveda outside of the state where I receive my training?

- Yes, Ayurveda is currently practiced all over the United States.
- While none of the US states currently have Ayurvedic practitioners or physicians as primary care physicians, many of these well-trained professionals utilize their education and skills in combination with other health care related credentials. Yoga Instructors, Massage Therapists, Registered Nurses, Nutritionists/Dietitians, Acupuncturists, Chiropractors, Medical Doctors and other health care professionals are recognizing and utilizing the benefits of educational training in Ayurveda.
- The AAC is currently working on developing educational standards, scope of practice, and related materials to support future licensing initiatives throughout the US.
- Many Academy graduates use their Ayurvedic education to enhance pre-existing professional careers.

Is there an Ayurvedic association which links other practitioners and students together?

Yes, there is the National Ayurvedic Medical Association (NAMA). Many states have their own state associations such as the California Association of Ayurvedic Medicine (CAAM).

Is there an alumni association? Can I contact previous students?

- Once enrolled in our programs, students are welcome to join our private Student and Alumni Facebook group for community discussion and networking.
- Upon request, KAA can provide contact information of students for networking or informational purposes. Many of our students and alumni are happy to talk to prospective students and share their experiences.
- KAA has an online database for alumni services and information to assist community interaction and promote alumni practices to the public.

How many of your graduates practice Ayurvedic medicine?

- All our graduates can practice Ayurveda in their everyday lives for personal health. An understanding of Ayurvedic principles enriches the quality of life in all aspects, not just physical well-being. The study of Ayurveda is truly a healing transformation during which students find a new level of emotional, mental and spiritual Life. Additionally, graduates often change career paths or discover novel ways to apply their new Ayurvedic knowledge to their existing profession.
- There are many ways our students utilize their Ayurvedic education. Some of our students launch a practice as Ayurvedic Coaches, Counselors or Practitioners.
- Many of our graduates incorporate Ayurvedic knowledge in their current practice as healers, such physicians, nurses, yoga teachers and massage therapists. Ayurveda complements all other healing modalities.

Are there tests? I feel anxious about taking tests.

Please try not to feel anxious about the tests. Monthly testing is conducted online in our elearning system at the student's pace. There are (5) attempts available for taking the test, and the highest score is recorded. The tests provide the student and the academy an opportunity to verify learning benchmarks are achieved for successful course progress.

What materials do I need to bring to class and what should I expect in the classroom?

Please bring a notebook and pen. If any textbooks are required for an individual session, you will be notified in advance. KAA provides all classroom facilities including any equipment used for panchakarma demonstrations and herbology preparation. Equipment used for these classes include computers, monitors, video projectors, microphones, cameras, massage tables, linens, hotplates, towel warmers, vessels and utensils for cooking, shirodhara stand and vessels, and all perishable and nonperishable provisions used. Classes are taught in traditional, clean, well-lit classroom settings with tables and chairs for your comfort. A kitchen and restrooms are nearby the classroom.

Are there books for the class?

Digital copies of our course manuals are included in the tuition for all programs and are available for download.

When can I visit the school? Do you have open houses or visitor events?

We allow our prospective students to sit in with the current class, so that they get a feel for the classroom setting and the topic. With a prior appointment, students are welcome to visit the academy and talk to the Academy Administrator. We are here to assist our students in any way we can.

What student services are provided?

Student mentoring is supported throughout the entire term of the program. On occasion, KAA posts job openings as they become available on group emails to students and alumni. KAA will do its best to help graduates to get into practice or a related career but there are no specific student services for career planning or job placement.

What Placement Services do you have?
