Located in San Francisco South Bay and eight miles from the San Jose Airport, our flagship location consists of a spacious classroom for lectures, dynamic conference and auditorium rooms, consultation and Panchakarma rooms, and a library. Online Learning

All our courses include a combination of in-person and online learning. Online learning is conducted through live-streamed classes via Zoom and self-paced learning and resources in our robust elearning platform by TalentLMS.

OUR MISSION:

To integrate traditional Ayurvedic wisdom and healing with scientific research.

OUR PURPOSE:

To serve as an authentic source of Ayurvedic education, research and community health care.

OUR COMMITMENT:

To bring the highest caliber of academic excellence to the US and abroad

The Ayurvedic Study Journey

Our programs build upon one another for cumulative learning so you can achieve the highest level of Ayurvedic education available in the US.

Ayurvedic Accreditation Commission

Our Academy aligns with the Ayurvedic Accreditation Commission (AAC), the largest Ayurvedic organization in the US, to provide industry standards. We also encourage students to join the National Ayurvedic Medical Association (NAMA) to help support these goals as Ayurveda is not currently licensed as a medical practice in the US, and one of AAC and NAMA's goals is to make licensure possible.

NAMA membership by students and professionals is all optional. KAA opts into this alignment as we believe that standardization of the profession and licensure offers benefits to professionals as well as clients, making Ayurveda more accessible.

We are associated with AAC in the following ways:

1. As Recognized School
2. AHC, AP and ACS/AD(AAP) are AAC-recognized which means that graduates of these programs qualify to sit for the National Ayurvedic Medical Association Certification Board ([NAMACB](#)) certification exams.
3. Please note, only the AHC, AP and ACS/AD(AAP) courses are eligible for AAC Accreditation; HAC does not fall in this category.

We are associated with NAMA in the following ways:

1. As an Organizational Member
2. As a PACE (Professional Ayurvedic Continuing Education) sponsor.
3. We sponsor NAMA's annual conference and attend as an exhibitor.

We encourage our students and faculty to explore what NAMA offers. Students can join NAMA at the Student Membership level at no cost.

Personal Transformation Journey

Healing begins right at home for the healer. When we learn to work with Ayurveda to bring healing to our own lives, we can ground our knowledge in first-hand experience and better support others in doing the same. This assignment involves a self-assessment and experiential process of implementing the Ayurvedic principles and practices learned in class.

Ayurvedic Constitution Assessments

Each student will conduct in person one-on-one Ayurvedic Constitution Assessments with ten (10) people utilizing intake forms provided by KAA to practice skills in client interactions, assessment and documentation.

Clinical Consultations

Students will follow two (2) clients from KAA module 102 through 105, beginning with consultations and progressing with assessment and counseling based on the topics covered each month. This offers the student the ability to build upon all the learning to create a case study approach.

Refund Policy

The Student's Right to Cancel

The student has a right to cancel the enrollment agreement and obtain a refund. **A written notice or an email from the student will be required for the cancellation** and should be sent to the address below. For specifics related to your refund, refer to the refund tables according to your State.

Student Services
Kerala Ayurveda Academy
691 S Milpitas Blvd Ste 206 Milpitas, CA 95035

Students must follow the following to withdraw/cancel from the institution:

- A written notice or an email will be required from the students about the cancellation.
- The registration fee and material fee are nonrefundable. The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first-class session, or the seventh day after enrollment, whichever is later. There will be no refund if the student decides to withdraw after 60% of the classes.
- Each in person Intensive covers the content of one online module. Refund Requests will be processed based on in person Intensives and online modules accessed (whichever is greater).
- A telephone call about cancellation or absenteeism for the classes will not be considered as true cancellation. In such cases, the student will not receive a refund for that period.
- The refund will be processed within 30 days from the day KAA receives the official written notice of cancellation from the student.
- The refund check will be mailed to the official address of the student. If the original payment is by credit card, the refund will be processed on the credit card.

Withdrawal Policies and Procedures

A Student may withdraw from the school at any time after the cancellation period (through attendance at the first-class session, or the seventh day after enrollment).

Refunds: The student will receive a pro rata refund if they have completed 60 percent or less of the educational program "period of attendance." A pro rata refund shall be no less than the total amount owed by the student for the portion of the educational program provided subtracted from the amount paid by the student, calculated as follows: (1) The amount owed equals the per module price (total institutional charge, divided by the number of modules in the program) multiplied by the number of modules the student attended, or was scheduled to attend, or accessed in the e learning, prior to withdrawal. The refund will be less the non-refundable registration fee (\$100.00) and within 30 days after the withdrawal is determined. If the student has completed more than 60 percent of the period of attendance of which the student was charged, the tuition is considered earned and the student will receive no refund. For determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- The student notifies the institution in writing to Student Support Services via email, hand delivery, or written notice mailed to 691 S. Milpitas Blvd Ste 206, Milpitas, CA 95035 of the student's intention to withdraw, or as of the date of the student's withdrawal, whichever is later.
- The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences more than the maximum set forth by the institution; and/or failure to meet financial obligations to the school. (See Termination and Dismissal Policy).
- Failure to return from a Sabbatical (LOA: Leave of Absence).

For determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. For programs beyond the current "payment period," if a student withdraws prior to the next payment period, all charges collected for the next period will

be refunded. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender or third party.

Tuition Owed: If the student has completed more than 60 percent of the period of attendance, the student will be responsible for the full tuition cost for the period of attendance.

In case the student decides to withdraw during the program, before the 60% of the classes are over, the following will be the refund calculation:

Refund calculation within the first seven days after enrollment or prior to April 26, 2026

Step 1 Deduct \$100 (non-refundable registration) and from the total tuition paid

Step 2 Remainder is tuition refund due

Example: Student paid \$3850 at the time of enrollment

Step 1	\$3,950 - \$100	\$3,850.00
--------	-----------------	------------

Total refund will be \$3,850.00

Refund calculation seven days after enrollment or after April 26, 2026

Step 1 Deduct \$100 (non-refundable registration) from the total tuition paid

Step 2 Divide the total tuition paid by 6 (number of modules) = 'tuition per module'

Step 3 Multiply number of classes attended, or modules accessed in elearning by 'tuition per module'

Step 4 Subtract the amount in step 3 from the amount in step 1. This is the refund amount.

Example: if the student decides to withdraw after completing 3 in person intensives or live streaming and if they have paid the full tuition, the refund will be as follows:

Step 1	\$3,950 - \$100	\$3,850.00
--------	-----------------	------------

Step 2	\$3,850 / 6	\$642.00
--------	-------------	----------

Step 3	3 classes / live streaming * \$642	\$1,926.00
--------	------------------------------------	------------

Step 4	\$3,850 - \$1,926	\$1,924.00
--------	-------------------	------------

Total refund will be: \$1,924.00

State of Washington (For Students not living in California)

Five-Day Cancellation: An applicant who provides written notice of cancellation within five days (excluding Saturday, Sunday and federal and state holidays) of signing an enrollment agreement is entitled to a refund of all tuition paid. No later than thirty (30) days after receiving the notice of cancellation, the school shall provide a 100% refund of tuition and fees paid.

Other Cancellations: An applicant requesting cancellation more than five days after signing an enrollment agreement and making an initial payment, but prior to entering the school, is entitled to a refund of all monies paid (minus the registration fee of \$100).

Rejection: An applicant rejected by the school is entitled to a refund of all monies paid.

Refund Policy Defined - WA

The school must refund all money paid if the applicant is not accepted. This includes instances where a starting class is canceled by the school. The school must refund all money paid if the applicant cancels within five business days (excluding Sundays and holidays) after the day the contract is signed, or an initial payment is made if the applicant has not begun training.

The school may retain an established registration fee equal to ten percent of the total tuition cost, or \$100, whichever is less, if the applicant cancels after the fifth business day after signing the contract or making an initial payment. A “registration fee” is any fee charged by a school to process student applications and establish a student record system.

If training is terminated after the student enters classes, the school may retain the registration fee plus a percentage of the total tuition as described as follows:

If the student completes this amount of training:	The school may keep this percentage of the tuition cost:
One week or up to 10%, whichever is less (attended 1st class or accessed 1st online module)	10%
More than one week or 10% whichever is less but less than 25% (attended 2nd class or accessed 2nd online module)	25%
25% through 50% (attended 3rd class or accessed the 3rd online module)	50%
More than 50% (no refund issued after attending 4th class or accessing 5th or 6th online module)	100%

The school may keep this percentage of the tuition cost:

When calculating refunds, the official date of a student’s termination is the last day of recorded attendance:

When the school receives notice of the student’s intention to discontinue the training program; or,

When the student is terminated for a violation of a published school policy which provides for termination; or,

When a student, without notice, fails to attend two consecutives in person Intensives or fails to access online modules for ninety calendar days.

All refunds must be paid within 30 calendar days of receiving a completed and signed Kerala Ayurveda official refund request form and the student’s official termination date.

Eligible refunds will not include the applicable interest during the enrollment period.

Example: if the student decides to withdraw after completing 2 classes or after accessing

the 4th online module and if they have paid the full tuition, the refund will be as follows:

Step 1	\$3,950 - \$100	\$3,850.00
Step 2	2 of 6 classes attended, or modules accessed online 2/6	33%
Step 3	25% through 50% completion = KAA retains 50%	\$1,925.00
Step 4	\$3,850 - \$1,925	\$1,925.00

Total refund will be: \$1,925.00

Student Tuition Recovery Fund (STRF)

Fee (non-refundable) – State of California

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF, and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 N. Market Blvd. Ste 225, Sacramento, CA 95834, Phone:(916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss because of any of the following:

- The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
- You were enrolled at an institution or a location of the institution within the 120-day period before the closure of the institution or location of the institution or were enrolled in an educational program within the 120-day period before the program was discontinued.
- You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
- The institution has been ordered to pay a refund by the Bureau but has failed to do so.

- The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law or has failed to pay or reimburse proceeds received by the institution more than tuition and other costs.
- You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
- You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF. A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number."

Attendance Policy

Students must complete all the weekend intensive courses which can be accomplished via live streaming attended in real time (live synchronous), recorded (asynchronous) or in person in Milpitas, CA. All materials in each module must be viewed, tests passed, and assignments completed.

Make-up and Retake Policy

If a student is absent from an in person or live streamed session, they may make it up at any KAA training location or via live streamed session, free of charge. If a student wishes to retake an in-person session, they may do so for a fee of \$50 per day. To plan for all make-up or retake sessions, please contact Student Support at support@keralaayurveda.us.

Length of Time for Program

HAC Students are expected to complete within 6 months; however, they can avail a 1-month extension to complete their program with mentor assistance. If additional time is needed, there is \$100 fee per month available for a 3-month maximum (for a total of 4 months). If they do not complete this time frame, they will be considered dropped from the program.

NOTE: For those moving on to AHC Full Program, all coursework will need to be completed by the end of AHC with an additional 3-month extension.

Student Sabbatical (Leave of Absence)

If a student has circumstances that prevent them from continuing the program as originally planned, they may apply for a one-time Sabbatical. The Sabbatical will be requested by the student to the Student Support Office at support@keralaayurveda.us. The office will then send a form for the student to complete and sign. There is a \$50 fee to go on Sabbatical.

If a student has completed their full tuition payment or wants to take sabbatical and is paid up to date, they may take a sabbatical up to 6 months and then re-enroll in the next program, transferring their payment credit and attendance to the new class co-hort. (Note: During the sabbatical there is no access to their course materials or their mentor).

If a student does not return from their 6-month sabbatical, they will be dropped from the program. If they wish to return after being dropped, they will need to re-enroll in the program as a new student and complete their payment prior to the class start date.

Procedure: Students must contact Student Support Services for a Sabbatical Request form and pay a \$50 fee. Once the form has been submitted and approved, the student has up to 6 months from that date for their sabbatical.

Termination And Dismissal Policy

- If the course is terminated after the student begins classes, the Academy may retain a percentage of the total tuition as described in the Refund Policy.
- For a student who is on authorized Sabbatical, the withdrawal date is the date the student was scheduled to return from Leave and failed to do so.
- **For nonpayment issues:** verbal and written warnings will be sent from Student Support Services. After a minimum of 3 attempts within 3 months and no response from the student, the student will be immediately dismissed.

Suspension (Probation) Policy

There are disciplinary guidelines to provide an environment to learn and grow independently, which give students rights and responsibilities.

- Any behavior disruptive to other students or the smooth running of the class will not be allowed.
- Students will have to pay the tuition on time; this includes one-time fees and payment plans.
- Students must maintain a passing grade of 70%.

For behavioral issues: At first incidence, warning will be given. At the second incident, the student will be suspended for the entire weekend. A student will be readmitted after a suspended weekend. Student Complaint (Grievance) Procedure

Students have the right to submit grievances to resolve disputes concerning issues considered by a student policy. This process is important for ensuring fairness and accountability within educational institutions, as it gives students a mechanism to address concerns and seek resolution when they feel their rights or privileges have been adversely affected. By establishing clear procedures for handling grievances, schools can promote transparency and uphold standards of justice within their community. Here is a breakdown of the steps:

Step One: Attempt to Resolve the Grievance through an Informal Grievance Process

Informal Resolution: This step encourages students to address their concerns directly with the faculty, staff, or administrator involved. If this doesn't lead to a satisfactory resolution, they can escalate the issue to the lead or Student Support.

Step Two: Submit a Formal Grievance

Formal Grievance: If the informal process does not help to resolve the issue, the student can submit a formal grievance. This must be done in writing, within a specified timeframe mentioned below, and must outline the steps taken during the informal process, the alleged policy violation, the person(s) involved, and the requested resolution.

The formal grievance must:

Be submitted in writing within thirty calendar days of the decision, action, or events giving rise to the grievance.

Describe the steps taken to remedy the situation through the informal grievance process.

State how the decision or action is unfair and harmful to the grievant and list the policy that has been violated, if known.

Name the person(s) against whom the grievance is filed.

State the requested resolution.

Step Three: Investigation and Resolution

Investigation and Resolution: The designated authority will investigate the grievance and communicate the outcome to the student within a specified timeframe. This step ensures transparency and accountability in resolving the grievance.

Final Appeal of Student Grievance

Final Appeal: If the student is not satisfied with the resolution provided, they have the option to file a final appeal within 14 days. During this period, any claims or disciplinary actions are placed on

hold until the issue has reached resolution and is implemented. The designee will review the appeal and communicate the final decision within a specified timeframe; this decision is considered final. This process ensures a fair and timely resolution to the grievance.

State of Washington

If the student's complaint is not resolved after exhausting the institution's grievance procedure, the student may file a complaint with the Workforce Training and Education Coordinating Board, 128 Tenth Avenue S.W., P.O. Box 43105, Olympia, Washington 98504-3105, +1 (360) 709-4600. This school is licensed under Chapter 28C.10 RCW in the State of Washington.
